

Hello All,

This memo is to touch base with the NALRETO members and anyone else planning to attend the 3rd annual NALRETO show. With COVID-19 looming and some not sure if it is safe to travel, we have come up with a plan that should be favorable to all.

We would like all who are planning to attend the show to fill out the registration form and send it in but DO NOT send the registration fee. If the show is a go, those attending would pay upon arrival. We DO need to know how many are planning on coming so please send the form back as soon as possible. We should be able to decide if the show is a go by 1 May 2021. We will send out the decision “go or no-go” as soon as known. Plus you can go to the hotel web site for local requirements.

Travelers

As of March 1, 2021 the Order of the Secretary of the Pennsylvania Department of Health for Mitigation Relating To Travel is no longer in effect. Travelers should still practice appropriate public health measures to slow the spread of COVID-19 such as masking, physical distancing, and hand hygiene.

COVID Alert PA

COVID Alert PA is a free and voluntary mobile app developed by the Pennsylvania Department of Health in partnership with NearForm, University of Pennsylvania, and MIT Lincoln Laboratory using Apple and Google's Exposure Notification System.

The app's features include an interactive COVID-19 symptom check-in, alerts for potential exposures to the virus, updates on the latest public health data about COVID-19 in PA and public health guidance for what to do if you have a potential exposure to COVID-19. The app is designed to ensure privacy of the user. It does not use GPS, location services or any movement or geographical information. It will never collect, transmit or store personal information. It is completely anonymous.

After you download *COVID Alert PA* to your smartphone, you can opt-in to receive alerts if you have had a potential exposure to someone who tested positive for COVID-19.
