National Association of Li'l Red Express Truck Owners NALRETO®

This is a notice that we have started a new Club called National Association of Li'l Red Express Truck Owners-**NALRETO®**. This Club is not affiliated, funded, or in any way associated with any other Li'l Red Express Truck Club or organization. The purpose of this club is to educate the public about the Li'l Red Express Truck. We will promote activities and events, which provides the opportunity to encourage pride in ownership, communication, education and camaraderie with fellow truck owners.

Membership requirements are simple;

- 18 years of age or older

- Stay current with dues

- Submit a completed club application

You do not have to own a Li'l Red Express Truck to be a member

Dues will be \$30.00 per year for each member, which will also cover their immediate family.

Renewals will be required to be paid on 1 February of each year.

An Unexplained Difference

An often-overlooked item on the Li'l Red Express is the difference in the length of the chrome side steps. They both have 21 "dimples", They both have the same measurements and hole size, but the one big and only difference is the left (drivers' side) measures 15 ½" long and the right (passenger side) measures 14 ½" long. There are various speculations as to how and why this is the case, but whatever, they are different sizes. One idea is, it had something to do with the fuel filler neck, but that has not been confirmed. Just a little trivia for the record books.
