

KINDERGARTEN

All Assignments/videos will be posted daily online for students to complete at some point in the day.

- There will be an attendance and assignment for our remote learners to complete daily, so please make sure your child is logging into Google Classroom daily.
- A live feed of the classroom will be available daily at our Google Meets link which will be given to all parents prior to the first day of school. It is not **REQUIRED** that you login during these times. The live feed is if you want your child to watch what is going on in the classroom. Most assignments in the classroom will be similar to those offered in remote though it may vary due to the assignments themselves being remote.
- If you choose to allow your child to watch the live feed, please be mindful of the microphone and have it on mute, unless a question is directed at your child specifically or if they have a question in which case they can raise their hand and we will call on them to answer their questions.
