Building futures one block at a time

Our Academy

Our educators love what we do and know that we are making a difference in the lives of children! We are a small Academy focusing on meeting the needs of the whole child. We have a strong passion for our work and have space available! If you are looking for a place where your child will get that special extra touch, you've found it! We are a K-5 school offering small class sizes, a caring climate, and have educators looking to build excitement for learning in each and every one of our students.

Are you looking for a school that offers personalized learning and attention?

We will work with your child to enhance his or her strengths and build on any areas of weakness, too!

Do you need before and after school care?

The Boys and Girls Club is Right Here!

Do you want your child to be able to use a real 3-D Printer?

We have a brand new one! Every student will have a chance to use it during their technology class!

Do you want to find a school where your child WANTS to go and LOVES TO LEARN?

You've found it! Come enroll today!
