

Romigh Havanese  
Puppy Questionnaire

If you want to make a reservation for one of my precious little ones, please fill out the puppy application below and email it to me at [promigh@gmail.com](mailto:promigh@gmail.com).

I highly recommend Havanese puppies in a home in which someone is at home most of the time. They also do well in a home with children. They are not as fragile as some toy breeds; they are a little sturdier than most and are full of love and are incredibly sweet and smart.

I will be happy to chat with you on the phone once this document is completed. If we both agree to go forward, I will email you the puppy reservation form. You will need to return it to me along with your non-refundable deposit. I want to ensure that my puppies go to loving homes only – and never get in harm’s way. Thank you and have a blessed day!
