

Package of Documents + Visa Application.

Step-by-Step Process:

1. The candidate pay
2. We start processing the candidate's data.

The data required for submission:

- Full scan of the passport
- High-quality photo of the candidate
- Mother's maiden name and first name
- Residential address

3. After receiving all the necessary data, the employer uploads it into the Enter Hungary system, where the Hungarian immigration police review the candidate and send approval within a 1-1,5 month. This document contains a unique barcode and number. With this document, the immigration police grant the employer permission to prepare the candidate's documents for the visa application.

4. After receiving this confirmation, after which the employer prepares the documents for the candidate and automatically uploads them into the Enter Hungarysystem.

5. We receive a notification that the candidate's data and documents have been uploaded into the system, and from this moment, the visa application review process by the Consulate begins.

6. The visa waiting period lasts up to 90 days.

7. During this period, we receive final confirmation of visa issuance, which also contains a unique barcode and is the main basis for issuing the visa to the candidate.

8. The candidate visits the Consulate with the following documents:

- Printed confirmation
- Medical insurance (with coverage of at least 30,000 EUR and a term of at least one year), which the candidate still needs to arrange independently
- Original passport

9. On the day of the Consulate visit, the candidate submits biometric data and receives the visa in approximately 3 hours.

10. After this, the candidate must send us a photo of the visa (full page) since the employer requires this for the candidate's further employment.

If the candidate is still denied a visa (which is very unlikely) due to their mistakes or other nuances and objective reasons on the part of the candidate, the funds will not be refunded.
