

What is **LOVE I AM**?

- Our mission is to celebrate small businesses, non-profits, and community leaders. We do this by joining forces with the community members leading the way for change. We are a media platform unlike anything else. The thing that sets apart from other platforms is...
 - We bring awareness to your organization by allowing you the opportunity to tell your story to the community.
 - We use creative videography to connect the viewers to your organization.
 - We run ads celebrating your business with LOVE I AM and link your website to drive consumers.
 - We bring our equipment to you to easily showcase you to the community.

So, you're ready to celebrate? Below is how we do it!

Studio Set-up

- We have a three-camera set-up that allows the viewer to fully experience you, your physical location, anything else you wish to showcase. This is how the production will go...
 - 1) We shoot the interview with the leaders of the organization. You don't have to worry about what questions being asked. We will create the questions together and the final questions will be sent to you weeks before the production.
 - 2) We get sample footage and pictures of any necessary items (in-store, products, building, etc.)
 - 3) We take a promotional picture to notify the community of the celebration.

How long is the production?

- Setup and breakdown of equipment takes about 90 mins. Shooting the episode takes 20-25 minutes.

What clothing should I wear?

- It's all about how you want the community to perceive you. It's always better to wear your logo for all the community to see.

How long will it take to be produced and finalized?

- Please give us 4-6 weeks to prepare the episode.

How much will this cost me?

- Fees are dependent on the desires of the organization. It will be discussed further in our first meeting.

To join us in the celebration, fill out the "Contact Us" form at www.loveiam4us.org

We're ready to celebrate you! Join us.
