ABOUT **US**

The International Ship Masters' Association is a voluntary organization of dues-paying licensed professional mariners and others associated with the maritime community of the Great Lakes and St. Lawrence Seaway.

Founded in 1886 as a benevolent organization, we have adapted our needs along the way to provide educational opportunities and to allow Great Lakes masters a voice in the formation of safety and navigational rules and regulations.

Together we are working to help create a safer and more informed waterway system.
