ADOPTION APPLICATION

Gerda's Equine Rescue (GER) requires all adoption applications be submitted with photographs of the facility where the GER horse will be kept (please include pictures of pastures, fencing, barn, stalls, and any other equine). GER may request additional information or pictures to complete its review and may require a visit to your facility before your application is approved.

Please keep in mind that when you are adopting a rescue horse you are making a commitment for the remainder of its life. Typically, horses that are well cared for can live to be 30+ years. Although this might seem like a subjective process please understand that we do this with everyone's best interests in mind. We are committed to making the best possible match for both horse and adopter. Suitability is of the utmost importance in placing our horses; therefore we reserve the right to refuse any application.

Contact Information

Full Name: _____

Address: _____

City: _____ State: _____ Zip: _____
