The Aloe Vera Company

If there's one thing Forever knows, it's Aloe Vera. In fact, we consider ourselves to be the Aloe experts.

We are proud to be the largest grower and manufacturer of Aloe Vera and Aloe Vera products in the world. Because we love Aloe, we treat the 50 million plants in our plantations a bit differently.

Unlike our competitors who use bulky equipment, our Aloe is nurtured, harvested and filleted by hand to delicately extract the potent inner leaf gel within hours and provide you with the purest, freshest Aloe Vera gel just as nature intended.

Our Aloe Vera products were the first to receive the International Aloe Science Council's Seal of Approval for content and purity.

These are just a few of the reasons that we are **The Aloe Vera Company!**

Look better, feel better.

POWERFUL INGREDIENTS

We have dedicated ourselves to seek out nature's best sources for health and beauty and share them with the world. At Forever, we combine pure Aloe Vera with natural and scientifically advanced ingredients specially selected to complement and enhance the benefits of Aloe.

The versatility of Aloe Vera means it can be combined with different ingredients to be used many ways to help you and your family look better and feel better.

FROM PLANT TO PRODUCT TO YOU

From the moment our Aloe is planted in the ground until it reaches your hands, we control the process. This **plant to product to you** philosophy ensures that we can control how our Aloe is grown and harvested, manufactured and packaged, to ensure you receive the highest quality at the best available cost.

The passion we have for Aloe and our products can be seen throughout our facilities where we continually invest in the latest technologies and equipment to ensure we stay on the cutting edge of manufacturing, quality testing, packaging and distribution.

HONEST PRACTICES

Doing things the right way is the cornerstone of who Forever is and has been for the last 40 years. We hold ourselves to a higher standard. Not because it's cool or trendy or someone told us we had to do it that way, but because we believe it's the right thing to do. Forever does not test its products on animals and many of our products feature the Kosher, Halal and Islamic Society Seals of Approval.

We're so confident that everyone will love our products that we offer our customers a 30 day (Refer to the Company Policy for more details) money back guarantee if they are not completely satisfied.

Millions of people in over 160 countries around the world have experienced the amazing benefits of Aloe Vera. What are you waiting for?

REPLENISH AND REJUVENATE WITH OUR MOST ADVANCED ALOE-POWERED MASK YET

Forever brings the power of science and nature together again for the ultimate hydrating experience. Splash into the next generation of skincare with our new aloe bio-cellulose mask.

This super-hydrating formula combines the power of aloe with bio-cellulose and natural ingredients in a truly inventive formula that delivers nutrients deep into your skin. The result is comfortably soft, hydrated and radiant skin with a stunning glow!

THE TECHNOLOGY

Forever's aloe *bio-cellulose mask* is made in a controlled environment by a special microorganism that ferments and creates a bio-cellulose fiber. During the fermentation process, this bacteria is fed aloe vera gel from our own plantations and seagrass, and fuses them directly into the bio-cellulose fiber to make a mask material unlike anything you've ever felt before.

It's an incredible skincare achievement. The fibers are 1000 times thinner than human hair and moisture retentive, allowing the mask to fit tightly to the contours of your face and reach fine lines and wrinkles more effectively than traditional masks.

This technology, combined with Forever's exclusive blend of ingredients, provides dual-phase benefits making it unlike any other mask on the market today!

PHASE ONE

Benefits from the bio-cellulose material in the mask itself penetrate deep beneath the skin's surface. The mask fiber is fused with hand-harvested, inner-leaf aloe vera gel from our own plantations, along with seagrass, to hydrate, soften and condition skin.

PHASE TWO

The super-hydrating serum is enriched with natural ingredients to leave your skin looking and feeling radiant and renewed for longer. The mask is dipped in this enriching formula, creating a masterful serum that can be left on the skin after use, no rinsing required.

That's two ways your skin receives the benefits of the *aloe bio-cellulose mask!*

A FORWARD-THINKING ENSEMBLE OF PROVEN INGREDIENTS

ALOE VERA GEL

soothes and hydrates the skin

HORSE CHESTNUT

rejuvenates dull skin to reduce the appearance of redness

SEAGRASS

helps soften and condition the skin for lasting moisture

GREEN TEA

provides anti-aging benefits

NA

POWERFUL HYDRATION MADE EASY

The *aloe bio-cellulose mask* is great for all skin types and incredibly easy to use. Simply remove a layer of the woven fabric and apply the mask. Press down gently to securely fit the mask. You'll notice right away how the flexible material easily fits to the contours of your face. Once the mask is secure, remove the outer woven layer.

Now it's time to kick back as you feel the hydrating and revitalizing sensation take effect.

Over the next 20 minutes, the aloe bio-cellulose mask will provide an indulgent experience as it delivers its exclusive dual-phase benefits.

Once you remove the mask, simply massage the remaining serum into your skin and enjoy the lasting hydration and softness. You'll feel refreshed and renewed without a sticky or heavy feeling. Treat yourself to the luxurious effect of the bio-cellulose mask at least once a week, or as often as you need.

EARTH FRIENDLY SKINCARE

Want more out of your skincare? We've partnered with an environmentally-friendly, LEED certified facility to produce these masks in an eco-friendly way using our formula and ingredients. Every part of the mask itself is 100% **compostable** so you can experience ultimate comfort and protect the environment. Just another way to give back to the world we live in. It only takes six weeks for the mask to fully **break down!**

R3 FACTOR™ SKIN DEFENSE CREME

Retain, restore, renew. Alpha hydroxy acids, also called fruit acids, exfoliate and loosen dead skin cells by dissolving the natural glue-like substances that allow dead skin cells to cling to the surface for far too long. Old skin cells create a barrier, so getting rid of these allows the other ingredients, vitamin E, retinyl palmitate and soluble collagen to go to work on restoring skin's moisture and renewing its appearance. This defense creme is like a personal bodyguard to your beauty.

ALOE HEAT LOTION

A perfect yin and yang, this muscle soothing cream has heating agents as well as cooling Aloe Vera gel. With a bright minty smell from menthol and eucalyptus, this pH-balanced lubricating lotion, that contains three oils, is excellent for deep massage to soothe tired muscles. Even though it's quick to absorb, the tingling heat lingers long after the massage is over.

AN IDEAL SPORTS RUB

Rich, emollient formula containing deep heating agents to help soothe tired muscles.

ALOE VERA GELLY

If your skin needs extra care, reach for Aloe Vera Gelly. Essentially identical to the inner leaf of the Aloe Vera plant, this 100% Stabilized Aloe Vera gel soothes and lubricates sensitive skin. For temporary relief from minor skin irritations, this is ideal for your bathroom as well as your first-aid kit. Once applied, you'll be saying Ahhh-loe Vera because it feels that good.

061 | ₹978 | 118 mL | .055

ALOE LOTION

On top of Aloe, we added vitamin E, jojoba oil, collagen and elastin to moisturize and help skin feel supple. This softening lotion includes apricot kernel oil, which helps prevent the loss of water by creating a lightweight barrier on the skin.

062 | ₹978 | 118 mL | .055

ALOE MSM GEL

MSM is an organic sulfur compound and the third highest mineral in our body. Combine that with pure, Stabilized Aloe Vera, vitamin E and plant extracts and you have a soothing gel. Aloe MSM Gel includes rosemary leaf extract, a skin conditioning agent that draws water to the skin. Quick to be absorbed, this gel is easy to apply but hard to put down once you've felt its soothing relief.

FOREVER ALOE SCRUB™

Unlike some scrubs that use sharp, harsh ingredients like crushed nuts, fruit pits or plastic microbeads we use microspheres of jojoba which roll over your skin gently. As they roll, they pick up dead skin cells clearing the way for fresh, newer skin below. Gentle enough for everyday use, this fine scrub helps remove debris that clogs pores and dulls skin appearance.

238 | ₹1,039 | 99 g | .059

ALOE PROPOLIS CREME

A well-loved, flagship product because it features our two prized ingredients: Aloe Vera and bee propolis. Bee propolis is a resinous substance bees use to fortify and protect their hive. More important than a hive is your skin, which needs protection and a natural barrier to help keep moisture in. One sniff of Aloe Propolis Creme and you can tell it's filled with herbal and botanical ingredients like chamomile. This thick cream is also filled with vitamin A and E.

051 | ₹1,250 | 113 g | .070

ALOE MOISTURIZING LOTION

This thick, velvety lotion does more than just moisturize. It helps with skin's overall feel and elasticity because of its collagen and elastin. This jack-of-all-trades lotion is versatile enough to apply to troubled spots, your entire body, or is even gentle enough to use on your face before applying makeup. Vitamin E, oils and chamomile extract all help replenish lost water and maintain your skin's natural pH balance while keeping it silky, smooth and soft.
