Although the exact age may vary, prostate health eventually becomes an important issue for all men. Vitɔlize™ Men’s Vitality Supplement contains all of the power of Forever Pr®6®, but now also includes more nutrients, more bioavailable nutrient forms and more powerful botanicals.

Vitɔlize™, combined with a healthy diet and exercise, offers a natural solution to support prostate health. This unique, comprehensive formulation helps to maintain normal urinary flow, promote healthy testicular function, and encourage optimal prostate health.

Proprietary Botanical Blend
Vitɔlize™ is formulated with a proprietary blend of botanicals including saw palmetto, pygeum and pumpkin seed. Each of these botanicals has been used for centuries to support prostate health.

Exclusive Nutrient Blend
Vitɔlize™ also includes a blend of nutrients specifically designed and balanced to support men’s health and promote healthy prostate function. Vitamins C, D, E, and B6 are all essential for a healthy prostate. These vitamins have been combined with the minerals selenium and zinc, which have been found to play a critical role in prostate health. Quercetin and lycopene have also been added in levels that are properly balanced with these critical nutrients to provide complete prostate support.

New & Improved
In addition to vitamin E, selenium and lycopene from the original Forever Pr®6®, Vitamin C, D and B6 have been added in combination with zinc and quercetin. Vitamins C, D, and B6 are all essential for prostate health and are required for the production of hormones.

SUGGESTED USE
Two softgels daily as a dietary supplement.

Proprietary botanical blend including saw palmetto, pygeum and pumpkin seed
Proper nutrient balance for complete prostate support
Provides polyphenols equivalent to eating an entire pomegranate fruit

Other ingredients:
Gelatin, glycerin, purified water, beeswax, soy lecithin, and carob extract.

CONTAIN SOY.

CONTENTS
