FOREVER®

Look better, feel better.

Who we are

Forever Living Products and its affiliates are the largest growers, manufacturers and distributors of Aloe Vera in the world.

We are a Network Marketing Company and we offer a genuine business opportunity. Founded on one major principle of "Helping others look better and feel better."

We do this in two ways :

1. Providing a powerful range of health and beauty products.
2. Offering a fair and generous business opportunity.

We provide a world class range of high quality products to our consumers which are manufactured internationally and are fully compliant under all Indian Regulations. **Our products don't make promises they can't keep.**

Being a network marketing company our products are available only through registered Forever Business Owners (FBOs) or if you are already an FBO, then directly from the company.

Joining us is simple. All you need is a sponsor to introduce you into the company and help and guide you through the process.

If you do not have a sponsor, please contact the company and we will be happy to allot one to you.

Best in the industry Reward Program

High quality products with the purity of aloe vera's inner leaf gel.

Over a million new FBOs every year

We are a Multi-National Company (MNC) and have been operational internationally since 1978. We have a phenomenal growth record in well over 160 countries with a global turn-over of over \$3.5 Billion.

We started our operations in India in April 2000 and have been enjoying substantial growth each year. We have our presence across 19 major cities in India with our Head Office based in Mumbai.

In May 2005 for the first time, we started sharing part of the turn over with our FBOs in India. Over the years, we have paid more than 63 crores in just this level of incentive called the Chairman's Bonus.

The Aloe Vera Company

Because our business is product driven, we are confident that once you use our products you will automatically recommend them to your friends and relatives. We suggest that you start this business on a part time basis without risking your current position or job. **Please remember that Forever is a genuine business opportunity and we do not offer jobs or ask for any monetary investment.** The only investment we seek is your time and effort !

In addition you get to be your own boss and decide your own work hours - giving you ample time with your family and loved ones something you may not have had before.

As you progress in the reward structure known as the Marketing Plan, the number of incentives and bonuses you receive will continue to increase. With the added support that the company provides you and your prospects by way of FREE trainings and programs, we will help you get to the next level.
