

pureAir PERSONAL is a sleek, wearable air purifier that creates a safe personal breathing zone by repelling particles from your breathing space. Using ion-based active air technology, pureAir PERSONAL creates a 3 ft. clean-air zone, or bubble, reducing your exposure to dust, pet dander, and other allergens.

pureAir PERSONAL delivers all-day protection with a rechargeable battery providing over 24 hours of use per charge. It includes a USB charging cable and a breakaway neck cord for comfort and convenience.

Benefits of pureAir PERSONAL

 Create 3' Clean Air Space

 Silent, Fanless Operation

 Breathe Clean Air on the Go

 Ultra-Light & Wearable

 Minimal Upkeep
