pureAir 50 Plug-In Air Purification

The pureAir 50 is a Convenient Plug-In Purifier that is great for lockers, closets, cabinets, under sinks, pet areas, laundry rooms, bathrooms, garbage areas & more.

It's a Perfect Travel Companion because it works wonders on stale and contaminated hotel rooms. In just a short time the pureAir 50 can turn your hotel room into a healthier environment that smells fresh.

It Couldn't be any Easier to Use. It has a simple purification adjustment knob allowing you to turn it up when odors or pollution are present and down if you notice too much purification.

It Gets the Job Done using low amounts of energy to significantly reduce odors, mold, bacteria, viruses, and allergens.
