We Are Coming To Las Vegas! Will You Join Us?

On the Strip or in a Neighborhood?

Lots of action and many sights if we are in a hotel on or near the Strip, but room rates and other amenities may be lower in a neighborhood casino hotel. As noted in another column, we cannot make reservations more than twelve months prior to our reunion, so you can let me know your preferences on where you might like to stay or the sights you might like to see. If a show is your liking and would like to attend one as a group or maybe take a day tour to Death Valley or Red Rock Canyon or? Let me know if you have any special sights you would like to see. I will have to make a trip to Las Vegas to check on hotels and will need financial help for travel, so please send extra if you can.

Problems Locating a Hotel

Las Vegas has changed since we were there last. Many more hotels have been built but they now will not book reservations more than one year out, which has affected our locating a hotel. We cannot even get a quote based upon today's rates so we have to wait until August, September or October to have any hotel respond to our request for proposal. So, we will be under more pressure to get the news out to all about the hotel and events, and when you are sending dues, mention if you would like to go to a show as a group or maybe take a tour, or just improvise after you get to the hotel and meet your friends.

I have had a preliminary discussion with a couple

hotels that can meet our needs but they cannot give me any room prices or menu selections until after the twelve-month out dates have passed. As soon as we have a contract in hand, I will publish a Newsletter with all of the information needed, so you will get reservation forms and hotel info as soon as possible. Bear with me until August or September when I will be able to make plans in earnest. We may have to make a quick trip to Las Vegas to check out which hotel would be most suitable and we will report the results in that Newsletter immediately after the trip with all the news of the planned reunion.

This delay in making hotel plans may result in the elimination of another Newsletter. The next Newsletter after this one will probably come out in September with all the news to help us have a memorable reunion. Keep sending your cards and letters and help us make a quick reconnaissance trip by sending extra with your dues. That would be greatly appreciated. Until the next Newsletter... SW

Need a Membership Roster?

If you have a need for an up-to-date membership roster, drop me a line with a couple of bucks and I'll send you one. We currently have 713 names and addresses of former CBD 1802, CBD 1804, CBMU 1/101, CBMU 577, and MCB 2 personnel, so this is a pretty thick directory (22 pages). Glad to have all aboard! And, if you would like a directory sorted by ZIP numbers, let me know. You can see who lives close to you or use it when you travel. And keep sending those cards and letters – especially the ones with checks!

Retiree Checklist: What Survivors Should Know

Shift Colors periodically provides a checklist for retirees and their family members. This checklist is designed to provide retirees and their loved ones with some help in preparing for the future. The checklist is not all-inclusive and should be used with other estate planning tools.

1. Create a military file.

- Retirement orders
- DD 214
- Separation papers
- Medical records

2. Create a military retired pay file.

- Claim number of any pending VA claims
- Address of the VA office being used
- List of current deductions from benefits
- Name, relationship and address of beneficiary of unpaid retired pay at the time of death
- Address and phone number for DFAS:

Defense Finance and Accounting Service

U S Military Retirement Pay
Post Office Box 7130
London, KY 40742 7130

(800) 321-1080 option #3 (for deceased members)

3. Create an annuities file, to include:

- Information about the Survivor Benefit Plan (SBP)
- (Additional information regarding SBP annuity claims can be obtained from the DFAS-Cleveland Center office at 1-800-321-1080.)

Reserve Component Survivor Benefit Plan (RCSBP)

Retired Serviceman's Family Protection Plan (RSFPP)

Civil Service annuity

4. Create a personal document file.

- Marriage Records
- Divorce decree
- Adoptions and naturalization papers

5. Create an income tax file.

10. Maintain a list of all friends and business associates.

- Include names, addresses and phone numbers

11. Hold discussions with your next of kin about your wishes for burial and funeral services. At a minimum the discussion should include cemetery location and type of burial (ground, cremation or burial at sea). This knowledge may assist your next of kin to carry out all of your desires.

12. You could also pre-arrange your funeral services via your local funeral home. Many states will allow you to pre-pay for services.

13. Investigate the decisions that you and your family have agreed upon.

Many states have specific laws and guidelines regulating cremation and burials at sea. Some states require a letter of authority signed by the deceased in order to authorize a cremation. Know the laws in your specific area and how they may affect your decisions. Information regarding Burials at Sea can be obtained by phoning Navy Mortuary Affairs at (866) 787-0081.

14. Once your decisions have been made and you are comfortable with them, have a will drawn up outlining specifics.

15. Ensure that your will and all other sensitive documents are maintained in a secure location known by your loved ones.

A woman wrote to tech support, and their reply is a stroke of genius. This young woman is no different from the rest of us, both family happiness and heartbreak are familiar to her. She is simply looking for an answer to her questions. How do you maintain a relationship? How do you bring back the excitement of the first date. She wrote a letter to the tech support to find her answers. She sent the letter as a joke and only remembered about it when she suddenly received an email notification with a response.

~~~~~  
Dear Tech Support:

Last year I upgraded from Boyfriend 5.0 to Husband 1.0 and noticed a distinct slowdown in overall system performance, particularly in the flower and jewelry applications, which operated flawlessly under Boyfriend 5.0

In addition, Husband 1.0 uninstalled many other valuable programs, such as: Romance 9.5 and Personal Attention 6.5, and then installed undesirable programs such as: NBA 5.0, NFL 3.0 and Golf Clubs 4.1

Conversation 8.0 no longer runs, and House cleaning 2.6 simply crashes the system. Please note that I have tried running Nagging 5.3 to fix these problems, but to no avail. What can I do?

Signed,
Desperate

~~~~~  
Dear Desperate:

First keep in mind, Boyfriend 5.0 is an Entertainment Package, while Husband 1.0 is an operating system. Please enter command: `html:/I thought you loved me.com` and try to download Tears 6.2 and do not forget to install the Guilt 3.0 update. If that application works as designed, Husband 1.0 should then automatically run the applications Jewelry 2.0 and Flowers 3.5.

However, remember, overuse of the above application can cause Husband 1.0 to default to Grumpy Silence 2.5, Happy Hour 7.0 or Beer 6.1. Please note that Beer 6.1 is a very bad program that will download the Farting and Snoring Loudly Beta.

Whatever you do, **DO NOT**, under any circumstances, install Mother-In-Law 1.0 (it runs a virus in the background that will eventually seize control of all your system resources.)

In addition, please, do not attempt to re-install the Boyfriend 5.0 program. These are unsupported applications and will crash Husband 1.0.

In summary, Husband 1.0 is a great program, but it does have limited memory and cannot learn new applications quickly. You might consider buying additional software to improve memory and performance. We recommend: Cooking 3.0 and Hot Lingerie 7.7.

Good Luck!

## Notes from our members:

From **Bob Janson**: Enclosed is a check for my dues [thanks]. Last year wasn't too great healthwise, both for my wife and me. Hope and pray this year will be a good improvement for us. So far, so good.

Read about the last reunion in Branson and noticed there wasn't anyone from CBMU 1/101 in the picture except for Vic Jaccino. Did we not have many turn out for it? Just curious. Best regards and thanks to all that turn out the Newsletter [that would be me and thank you!]..... from **Bert Helms**: Put me back on the Good Guy List [done and thanks] ..... from **Bob Hoare**: From the great Green North [Canada]. Here's my check for dues for the Good Guy List. Time is like toilet paper; the closer it gets to the end, the faster it goes..... from **Jack Schrader**: I thought maybe I had better send my dues... a little late but better than never [for sure! And thanks]. I hope you and **Rachel** are surviving this crazy weather. We have had a lot of warm, wet weather, and very little snow. Biggest snow cover was about 7 inches and that didn't last long. **Scott**, would you put my daughter on your e-mail list for the Newsletter? That way, I wouldn't have to forward mine to her. Thanks. Your last Newsletter was as usual great. My wife marvels at the great job you do [thanks]. Thanks and take care..... from **Pat (Joyce) Badgett**: Enclosed is a check for **Pat's** dues [thank you]. We are not great fans of Las Vegas but we are tentatively considering it. The Dixie Stamped was great and so was **George Strait** and the **Elvis** impersonator. We've seen Hoover Dam but a guided tour of Red Rock, if there is such a thing, would be interesting. I really would like a tour of Red Rock Canyon. Hope this gives you an idea of

our interests. Thanks for the great job you do..... from **Billy (Zelda) Partridge**: The Newsletter let me know that I'm late again with my dues [this check took care of that and thanks]..... I received dues, some with extra for the kitty, but no letter from **Howard Cornwell**, **John Grasz**, **Bill Wisnowski**, **Jim Green**, **Warren Culberson**, **Don Nitsche**, **Hark Ketels**, **Philip Brunelle** and **Frank Hayes** [thanks all]..... from **John (Gerri) Petronka**: Here is a check for my dues and some extra for the kitty [thanks]. Thanks for all your work. You do a great job for all of us! Say Hello to your sweet wife **Rachel**. God Bless you both! Have a great year with lots of health and happiness [thank you]..... from **Tom Dowd**: I want to send along thanks for the time and effort you continuously put out in support of the MCB 2 Reunion Group and the periodic Newsletter. I don't think it would happen if you weren't doing it. A 4.0 performance [thank you...] Sadly, I am reporting the passing of another of our shipmates in 2015. I was doing an online research to try and reconnect with him and found on the day of his funeral. His name is **Emery N. Sundberg** and passed away on February 25, 2015. As we were in the same tent, I strongly believe he was MCB 2 but cannot be 100% sure as we were Headquarters Rates and were all combined into a single operation supporting all the MCB's and the 30th NCR. On a happier note, we just learned that our second grandson has been accepted at the U.S. Naval Academy. His older brother was USNA 2013 and is about to finish Prototype training and will be getting his first boat assignment. Hope all continues to go well for you and your family as we gracefully age. Stay well [I'm trying, I'm trying!]..... from **John Stock**:

(Continued from page 8)

Please find enclosed a dues check with a little extra for whatever you need it for [thank you]. Couldn't make the Branson reunion. **Mary** not in good health. She had been dealing with Alzheimer's for the past four years and then a stroke in mid-October 2015 and passed away January 30, 2016. Hope all is well with you. I really enjoy the Newsletters. Keep them coming..... from **Robert 'Frenchie' Jandreau**: Enclosed is a check for dues [thanks]. Thank you for the Newsletters..... from **Earl Presson**: [Earl had called me requesting some flags] Thank you! Enclosed is a check plus dues [thanks]..... received an address correction card from **Charles Ingalls**. [Thank you!]..... from **Richard Forster**: Enclosed is a check for dues [thank you!] and a CD disc of all the photos I took while serving in CBMU-1 at K-3, Pohang Dong, Korea in 1953 and 1954. In addition to the work I did repairing bridges and runway construction, I also did a lot of stone work putting stone fronts on two chapels and an officer's club. These are noted in the photos. We blasted the stone out of a ledge and I had five Koreans cutting the stone for me. You may want to put some of these photos in the Newsletter from time to time [Yes! Thank you very much! I have had some of these in previous issues. See Volume 8 Issue 5, dated November 17, 2010. But these are great and I can use these for quite some time. In this issue, see page 7 and 10.] I would be interested if anyone can identify other Seabees in any of the photos.... That's all of the letters for this issue, folks. Keep sending your notes and letting me know what is going on in your life. I may not print the whole letter, just what would be of interest to all. The next Newsletter may be late also as I probably will not get it out before a hotel is selected in Las Vegas, then I can put all the needed information in that next issue. Cutting back one issue should save enough to make a trip to check out the hotels in Las Vegas, but help on those expenses if you can. I hope you enjoy this issue with all the notes, jokes and pictures. Until the next issue! SW

## Agent Orange Catching Up With Vietnam Vets – source VA

Thousands of Vietnam vets returned home unaware that they had been exposed to Agent Orange. Now, decades later, AO is catching up with them, leading to debilitating and deadly health problems that range from heart disease to various forms of cancer. It wasn't until 1991 that Congress passed the Agent Orange Act that gave VA the power to declare certain health conditions as "presumptive" to dioxin exposure. VA, however, doesn't have an accurate count of how many Vietnam veterans suffer from AO exposure because it is not a general diagnosis.

Agent Orange -- named for the color of the metal drums in which the chemical was stored - was the main herbicide the US Air Force used to reduce the jungle canopies as part of "Operation Ranch Hand." An estimated 19 million gallons were sprayed over 20% of Vietnam in an attempt to uncover roads and trails used by the Viet Cong. Diseases recognized by the VA as Agent Orange related:

- AL amyloidosis: A rare disease caused when an abnormal protein, amyloid, enters tissues or organs.
- Chronic B-cell leukemias: A type of cancer that affects white blood cells.
- Chloracne (or similar acneform disease): A skin condition that occurs soon after exposure to chemicals and looks like common forms of acne seen in teenagers. Under the VA's rating regulations, it must be at least 10% disabling within one year of exposure to herbicides.
- Diabetes mellitus type 2: A disease characterized by high blood sugar levels resulting from the body's inability to respond properly to the hormone insulin.
- Hodgkin's disease: A malignant lymphoma (cancer) characterized by progressive enlargement of the lymph nodes, liver and spleen and by progressive anemia.
- Ischemic heart disease: A disease characterized by a reduced supply of blood to the heart, that leads to chest pain.
- Multiple myeloma: A cancer of plasma cells, a type of white blood cell in bone marrow.
- Non-Hodgkin's lymphoma: A group of cancers that affect the lymph glands and other lymphatic tissue.
- Parkinson's disease: A progressive disorder of the nervous system that affects muscle movement.
- Peripheral neuropathy, early-onset: A nervous system condition that causes numbness, tingling and motor weakness. Under rating regulations, it must be at least 10% disabling within one year of herbicide exposure.
- Porphyria cutanea tarda: A disorder characterized by liver dysfunction and by thinning and blistering of the skin in sunexposed areas. Under rating regulations, it must be at least 10% disabling within one year of exposure to herbicides.
- Prostate cancer: Cancer of the prostate; one of the most common cancers among men.
- Respiratory cancers (includes lung cancer): Cancers of the lung, larynx, trachea and bronchus.
- Soft tissue sarcomas (other than osteosarcoma, chondrosarcoma, Kaposi's sarcoma, or mesothelioma): A group of different types of cancers in body tissues such as muscle, fat, blood and lymph vessels and connective tissues.

If you served in Vietnam and have medical problems, show this list to your personal physician or contact VA.
