Next year 2016 we are going to mail the Newsletter a week earlier to those with Email on file. The Email News-letters will be in color. We are going to try this for one year. If you like it we may continue. You will still get a hard copy-mailed to you. If you do not want it please tell us.

Short Stories Needed

We are always looking for a short Story, **Frank Hayes (Truk) & Dennis Payton (NAST)** have sent us one & you will see them in future issues. Thank you **Frank and Dennis. PLEASE SEND US YOURS**

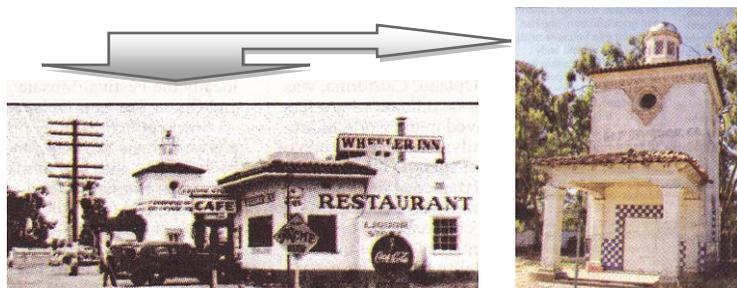

The Sky line of Guam. Photo taken in 2013 by Bob Urban on his trip to your favorite Island. No evidence of Quonset huts, USN grey busses, beer halls, cats, or CE's hanging from poles anywhere on the Island. Paved 4 lanes highways takes you around the island. It has become a popular vacation spot for all nations. The **Chicago** of the Pacific is alive and doing very well.

Goleta CA bombed on Feb, 23, 1942 (73 yrs ago)

Goleta was a small community north of Santa Barbara. Now they are side by side. (Just north of Ventura & Oxnard). It was 7pm DLST that evening in the Wheelers Inn & Service Station (built in 1929) where several locals met over coffee & to listen to **President Roosevelt's** fireside chat. As he finished; from a Japanese I-17 submarine, a 5 inch deck guns fired on the Ellwood petroleum Pier and the adjacent **Barnsdall-Rio Grande** Oil installation. The Japanese gunners were missing their targets. The small gathering in the Inn went outside to see the gunners on deck. Not doing well they submerged. Very little damage & no one was hurt. All this in about 20 minutes.

This was a landmark facility on the Central Coast appearing in the movie "**The postman always rings twice**".

Today the Station tower is located in the City court. This small station was the flagship station for the **Barnsdall & Rio Grande Oil CO.** It reflected the sophisticated architectural tastes of Heiress **Aline Barnsdall** and Santa Barbara's Mission Revival theme. In the 40's Goleta was a road side stop on the coast highway on your way south to Port Hueneme, CA.

Guam News

Nov. 18th 1949 Typhoon issue
No deaths, Camp Witek hardest hit, Bowling Alley collapsed. All made the headline of the Guam News. The weather station reported winds up to 110 knots.

Buildings collapsed, trees uprooted, debris all over the island made for a major cleanup effort by all units on the Island.

Full Military honors at Victor Valley Memorial

Ed had fallen and broken his leg. Spent 30-days in Rehab, then sent home under the care of **Mary** & one week later he passed away in bed. His four loving children were near- by to assist **Mary** as needed. **Ed** was a long time member of the 103rd NCB reunion association and enjoyed the fun and fellowship at all of our past reunions. **Ed & Mary** both have bricks on the walkway to Victory at the New CB Museum - Port Hueneme, CA You have their address in your directory. **Ed** was a CM Construction Mechanic

An Old Seabee was at confession when the Priest asked him what he had done. He said I kissed a Nun. The priest said that's Ok but don't not get in the habit. Thanks Dennis P.

This was the corner service station on Main St. USA. The attendant pumped your gas, washed your windows, brushed your floor mat and checked your oil & tires. All that for .22 cents a gal., plus green stamps. WOW

Your VA has made many changes. If you are not registered with your Local VA Office please do so ASP. You may have some benefits. If in doubt ask the Veterans Organization you belong to for help. Each has a person trained in helping you with **any concerns** related to your Service. Both are Friendly.
