- D. Harold put out proposals for a new security service to two other companies (See Attached)
  - 1. Counting Allied, these two make three bids.

3. SCP Security bid \$950 per month and included 2nd checks for \$250, totaling \$1200 with no undetermined amount.

- 4. SCP comes to \$14,400 per year
- E. Our current budget with Allied is \$21,000 per year for spotty service
- F. New Contracts would come to \$15,500 + \$14,400 = \$29,900 or an additional \$9,900 per 12-month year
- G. If we could get the new services to start in October, it would only be 9 months
  - 1. 9 months x \$2500 = \$ 22,500
  - 2. Allied has been  $$583 + $1022 + maybe $1000 \cong $2500$
  - 3. Total for one year would be about \$25,000
  - 4. We have the cash in the account in excess of what we have budgeted (\$34000 \$10000 for tree pruning = \$24000)
