

**Margit Aramburu**

I have served on the CSA3 Board since our last election in 2019. I feel my experience on the Board will be helpful and am interested in serving one additional term. I have volunteered to prepare agendas for the meetings and help run the monthly meetings.

My husband and I moved to Seascap in 2005. I am a retired land use planner. I served on a neighborhood board in Palo Alto and on City board in Tiburon. I worked on the plan to renovate Seascap Park including research of archived files, viewing plans and documents, and working with Parks Commissioner, County Supervisor, and County staff. I served on the Friends of Santa Cruz County Parks for several years.

I am committed to volunteering my time and efforts to seeing our neighborhood reach its potential and hope to continue on the CSA3 Board.
