

I would like to introduce myself, Mark Birns. I have lived over the Seascape Beach (Beer Can Beach) since the 80's. I have served on the board since September 2019. I am interested in serving another two years. I have many concerns regarding the beach, such as safety, garbage, and security. I am the eyes and the ears of this community. Unfortunately, due to limited funds, services for our community may appear lacking. I would like to encourage everyone to vote yes on our next CSA3 annual assessment fee.

Thank you,

Mark Birns
