

Your Ceremony, Your Way

Your ceremony shouldn't feel like a script someone else wrote.

It should feel like you.

The way you look at each other.

The way your friends describe you.

The quiet in-between moments that only you share.

This isn't about ticking boxes. It's about creating a moment that feels natural, joyful and completely yours.

Everything can be shaped around your vision.

Big or small, Elegant or a little bit wild, Traditional, modern, or beautifully unconventional.

If you've got the love, I'll take care of the moment.

What Makes My Approach Different

I don't work from a template. Every ceremony is written specifically for you, not adjusted from a standard script.

I invest time in getting to know your story, your personalities, your family relationships, and the overall tone you envision because those details are what turn a ceremony from standard to deeply personal. The result is a ceremony that feels natural, meaningful and unmistakably yours.

A “Signature” Moment

Ceremony developed exclusively for couples attending the Expo.

Substantial, intentional and unforgettable

Investment: \$800

For couples who want to celebrate their marriage at a meaningful location surrounded by their favourite people, with space to shape the ceremony around what matters most to them.

This experience gives you the flexibility to include rituals, readings, personal vows, or special moments, or keep it beautifully simple if that feels more aligned with your vision.

You value preparation.

You value professional guidance.

and you want reassurance that everything is handled with care and clarity from start to finish.

From our first meeting, we explore your story together, the moments that brought you here, the people who matter most, and the atmosphere you want to create, so your ceremony feels authentic and intentional.

Your ceremony is then carefully written and woven together in a way that feels natural, engaging and unmistakably yours.

If you choose to write personal vows, I guide you through the process with structure and support, also providing Vow Booklets for the day so you feel confident and prepared.

We meet as needed throughout the planning process. Before your wedding, we hold a full rehearsal so everyone understands their role and feels calm and clear. On the day itself, I coordinate with your bridal party and vendors to ensure everything flows smoothly.

Behind the scenes, every legal detail is handled professionally. I prepare and lodge all documentation and ensure your Marriage is registered with Births, Deaths & Marriages, so you don't need to worry about paperwork.

A professional PA system ensures every word is heard clearly, regardless of the size of your guest list.
