Reg No: RP559513

DOB: 2025-11-07 TW

Sire: M bar W Ranch 1840

Dam: Dorsets N Daylillies 314S

AH081 is a out of one heck of a maternal ewe we brought in from Ohio. She has been a producer for us since the day she left Hannah's show string. Since then, she has given us four lambs in the last year and half. This is a nice young ram that balances well, good at the ground, and looker from the side.

Full of capacity and ready to go to work in any setting to start cranking out quality lambs for your flock!

LOT 10 – SP DORPERS

Spikes Farm 905

Reg No: RP559556

DOB: 2026-01-07 S

Sire: Spikes Farm MGS 562

Dam: PHP White Dorpers 3039

A January-born White Dorper ram that we are extremely proud to offer. He is sired by White Sugar that was Maggie's show ram her senior year where he hung many banners which included NAILE, San Angelo, and Houston. He is also out of a stout PHP ewe that we are very high on in our flock. He is athletic, structurally correct, and bred with the muscle, power, and substance we believe it takes to make a great one. He has the design and build to excel in the show ring, while offering the kind of genetic potential we look for in a future herd sire. We are very high on this young ram and truly believe he has a bright future ahead of him.

Paige Livestock 2608
Reg No: RP558480
DOB: 2026-03-28 TW
Sire: Holtzclaw Dorpers 0013
Dam: OHR 2137
A ram that I feel is packed with genetic goodness. This ram is about as sound as they come and is going to do some things for someone. This is the first time we have sold anything out of OHR 2137, and we are keeping his twin sister. His mama has yet to produce anything that has not turned out great, and I do not think he will be any different.

LOT 29 - GRADY REED

Paige Livestock 2611
Reg No: RP558481
DOB: 2026-04-01 S
Sire: Holtzclaw 0013
Dam: Paige Livestock 2406
His dam is a favorite on mine and so it is hard to put this one in the sale. He has his momma's massive hip and brings a lot of power already to go with it. Packed with genetics both top and bottom, don't miss out on this one.

If you're looking for a ewe that can go to work and make a lasting impact on your flock, this yearling deserves your attention. She is an easy-fleshing, functional female built with longevity and productivity in mind. Her practical design, structural correctness, and maternal look make her the kind that will thrive out in the pasture, breed back consistently, and raise quality lambs year after year. She is sired by Sugar and backed by one of our original foundation ewes - a female that has remained in our flock for years because of her unmatched consistency, fertility, and ability to produce quality offspring generation after generation. Those are the kind of genetics that build a program, and this yearling carries that same potential.

We truly believe this is the best yearling ewe we have ever offered at a live sale. It is not often a female of this caliber leaves our program, but we felt she deserved the opportunity to make an impact for someone else's flock. This ewe checks every box. She is built with outstanding functionality from the ground up, combining impeccable structural integrity with the kind of athletic movement and durability that will keep her productive for years. She offers tremendous muscle shape and dimension without sacrificing femininity, while maintaining the eye appeal, balance, and breed character that make great white Dorpers stand out. Bold in her rib, powerful through her hip and loin, and beautifully designed from front to rear, she is the complete package. Sired by Sugar, she represents everything we strive to produce functional livestock with elite phenotype, genuine breeding value, and the ability to compete at the highest level before transitioning into a cornerstone donor or production ewe. The truth is females like this are incredibly hard to let go. It will genuinely hurt to watch one of this quality leave our place, but that is what makes a great live sale. We have every confidence she will reward her next owner, and we cannot wait to see the impact she makes in the show ring, the lambing barn, and in breeding programs for years to come.

This March-born Fullblood Dorper ewe is one we are extremely excited to offer. She is incredibly elegant in her look while still possessing the functional design, skeletal quality, and structural integrity that set elite females apart. From the ground up, she is built right balanced, athletic, and sound making her the kind of ewe that can compete at the highest level before transitioning into an exceptional brood ewe. She has the presence, style, and breed character that make a true show ewe, yet her functionality ensures she will continue to add value long after her show career is over. We have no doubt she has all the pieces to become a tremendous donor and foundation female. She is sired by RR Dorpers North 2287 and is a half sibling to the 2026 Fort Worth Open Show Supreme Champion Ewe exhibited by the Richardson family. That proven pedigree gives us tremendous confidence in her future, and we genuinely believe this ewe has a future every bit as bright as her decorated sister.
