

Thanks for your interest in our puppies! Because there's been so much interest we're requiring you to complete a puppy application. Customarily most prospective puppy owners never change their mind but certain circumstances may warrant such a situation. In the event there's a change it will directly affect the waitlist and that restructures everything and notifying the remaining list members takes time to work through. For that reason we're requiring a \$30.00 puppy application fee which **will be included as payment toward your eventual puppy purchase.** In the event your application isn't confirmed, you will be notified and your \$30 Application fee will be refunded.

Please use the button on the Application Page to submit the puppy application fee (securely via PayPal) or contact us for our mailing address. ([Learn more about the adoption process at SwankyDoodleDandys.com.](#))

The price for our puppies are \$2600 each which includes a Washington State Sales Tax. When the puppies are between 4-5 weeks old the adoption availability process begins on a first-come first-serve basis according to our waitlist and you will be notified of your selection date through email or text. Upon the day you've chosen your puppy, the completion of a **SwandyDoodleDandys** Buyer's Agreement must be signed and emailed to info@SwankyDoodleDandys.com along with a \$500.00 deposit made through either our secure PayPal button provided on our site or delivered to your email inbox if preferred. The \$500.00 deposit along with your initial \$30.00 application fee will be applied to your total pup purchase price of \$2600.00. The outstanding balance of \$2070.00 will be required to be paid in full within 72 hours of choosing your pup or you will forfeit the \$530.00 total deposit and the next prospective puppy parent will be notified of their updated placement on the waiting list. The pups will be ready to go to their new home between 9-10 weeks through a mutually agreed upon date here in Seattle. Please Download and read the Adoption Agreement thoroughly. You will be properly provided with receipts for all funds paid. In addition, and we can't stress this enough and because of the science to back this up - all puppies at this age will come intact without spay or neuter - but it is a requirement to fulfill the obligation and Agreement with SwankyDoodleDandys that this be accomplished at a future time when the pups are old enough. Generally speaking, it's at least a year for the females and any time after six months for the males.
