

## PAID COLLEGE INTERNSHIP - SUMMER 2020

# CASA4TEENS PROGRAM INTERN

*Made possible by ExxonMobil Community Summer Jobs Program*

### POSITION DESCRIPTION

A CASA4Teens Program Intern will help to expand and improve CASA Child Advocates of Montgomery County's ability to provide services to teens who are close to aging out of the state foster care system.

When children age out of the foster care system at age 18, many are instantly homeless. They are at a greater risk of becoming the victim of more crime, hunger, drugs, and early, unwanted pregnancy than any other population. This project's goal is to provide these young people the tools they need to become self-sustaining and successful, productive adults. To accomplish this, we must establish and provide an available support structure for these youth when they age out of the foster care system.

This position will help coordinate vital life skills training and college visitation trips for these young people to expose them to the skills and opportunities they will need to become successful adults.

### THE INTERN WILL LEARN

- Working with adult professionals in a professional setting
- Communication skills, time management skills, and project management skills
- Planning and organization

Student will gain a great understanding of the impact of child abuse, education, and poverty on our local and global society. They will experience the operations of a non-profit human services organization, including management, program delivery, and fundraising.

### REQUIREMENTS

Applicants must be a currently enrolled undergraduate returning to college as a full-time sophomore, junior or senior in the fall of 2020.

Student should have or be able to have:

- Complete tasks within a prescribed time frame
- Effective oral and written communication skills
- Have had some leadership experience
- Maintain confidentiality about the individual students they will encounter.
- Pass a standard CPS background check
