Our version of spaghetti eis!

## Our Story...

Not so long ago, our Oma (grandma) and Opa (grandpa) came over to America to build a new life. Fast forward many years, and my sister and I were born. By way of food, our family shared with us some of their most beloved traditions from Germany. When we were old enough, we began to travel to see our relatives every couple years. One of our favorite things to do while there is to visit the Eiscafés. Why? Spaghetti Eis! This combination of ice cream, fruit, and chocolate found the way to our hearts (and was SUPER instagram-worthy.) We love the cov. The food and the drinks brought us here, but people are the reason we stayed. We are thrilled to have the opportunity to join the landscape in the neighborhood we cherish. Eishaus offers ice cream, coffee, pastries, burritos, sandwiches and tot bowls. We are honored to be able to carry on some of the recipes of our family and share them with you!
