You may arrive at the Zoo starting at 1:00PM to ensure we can appropriately and safely place your vehicle, tables, or products on zoo grounds. If you need to be on grounds early, please let me know in advance to have a staff member escort your vehicle on grounds. We ask that vendors are set up and all vehicles (that are not needed to be on grounds during the event) are off grounds by 8:00PM in September. Follow our service road to the right of the main entrance into our staff parking lot where a staff member will assist you onto grounds.
