UNITED DOG AGILITY HOLD HARMLESS AGREEMENT

See note at bottom of this email. This part is REALLY IMPORTANT, so be sure to read it.

LOCATION

The address of the trial location is 1957 Pioneer Road, Unit B6, Huntingdon Valley, PA 19006, which is in an office/industrial park.

Directions to the Trial Site

From the PA Turnpike, take Exit 343 to Route 611 North. Continue ¾ mile. Make a sharp right onto Mill Rd. Go 2 miles and turn right onto Byberry Rd. Go 1.6 miles and turn left onto Pioneer Rd. United Dog is on the right-hand side.

DAY OF SHOW

If you are looking to add runs to your entry, please email me and I will get them added. They will be charged at day of rates. You can add throughout the day as well.

PARKING

The trial location is at the end of a multi-tenant building. Please park in the spots adjacent to the building rather than in spots that belong to other businesses.

RVs

No RVs are permitted.

CLIMATE CONTROL

The building is climate controlled, but it will be cool. Please come prepared with layers.

CRATING

There is a separate turf area available for indoor crating. You must bring a waterproof mat to place under your crate. Dogs that bark continuously or are aggressive to passing dogs may not be crated inside. There will be no crating of dogs in the pass-through area between the lobby and the agility ring. (This is the area where people often crate dogs during classes.) This is a very high-traffic area during a trial and we don't want to have any confrontations between crated dogs and dogs passing through.

COURSE MAPS

Maps will be posted at the club. We will NOT be handing out paper course maps. They will also be listed at darkstormservices.com.

BIS

BIS may run at this trial. To be able to run a BIS, you must immediately tell the trial secretary, who will mark BIS on the running orders. Any BIS will run at the end of the class, regardless of height. If the dog is not wearing BIS pants, they will need to start on a mat provided by the handler. It is the handler's responsibility to ensure the mat is available for their runs. The handler/owner acknowledges the inherent risk of running a dog on an agility course with BIS pants on and assumes all risk by doing so.

MEASURING

Please ensure you understand the new criteria regarding dogs being measured. [UKI 11th Edition Rule Book.pdf](#)

If a dog is under 3 and newly registered, a temporary measure or proof of the dog's height must be done by the dog's 3rd trial. A permanent measure must be obtained by a UKI official measurer between 12-18 months after the dog's first/ temporary measure. Any registered dog that only has a temporary measure, must follow the above rule. If a newly registered dog is over 3, they must obtain a measure by an official UKI measurer by their 3rd trial and this measurement will be permanent. If you ask for a challenge measure when you have a permanent measure, you must state this when you are getting the dog measured so the correct protocol can be followed and you may not continue to challenge a measure when you have challenged it once.

CANINE POTTY AREA

There is a potty area adjacent to the building, a few feet from the door to the club. Please be sure your dog uses this area and you pick up after. Please don't allow your dog to pee on the building, traffic cones, poop buckets, etc.—basically, they shouldn't pee on the human-made things that have to be handled. Please potty your dog only in the designated areas and don't walk dogs on properties belonging to other tenants. Signs are posted along the front of the building indicating where dogs should not potty. Please deposit poop in the garbage containers outside.

NO OFF LEASH AREAS

All dogs must be on leash at all times, except when in the ring or at the practice jump.

PEENALTY JAR

There is a \$10 penalty for any dog that fouls the ring.
