His Hands & Feet Ministries

A powerful network for a strong community

With Kingdom-minded volunteers, HIS organization forms a strong and reliable fellowship network. This allows us to advocate in the local community and work directly with the people we serve, while cultivating relationships in the U.S. and abroad.

Everyday support

We pursue close relationships with organizations, homes, care facilities & Churches for the lost and found so that we can reach those in need of assistance and provide support & prayer in their everyday lives.

Integration instead of exclusion

We aim at spreading our net of influence from the smallest to the largest church or organization. We know how critical and beneficial we can be if we work together for kingdom purpose.

Adopting an Apartment Complex Supper Club

The Abigayle Initiative is always foraging into new areas. This past June we adopted an apartment complex, sharing a love of Christ with some nourishment. Below are some photos from this adventure!

In Matthew chapter 25:40 (ASV), the following scripture states: "And the King shall answer and say unto them, Verily I say unto you, In as much as ye did it unto one of these my brethren, even these least, ye did it unto me." In the verses leading to verse 40, Jesus laid out the times that good deeds are done to those who are hungry, thirsty, the stranger, the naked, and the sick.

For those of us who love Jesus, our hearts should be linked to His. Healing and deliverance are wonderful experiences we cannot deny, but meeting human needs has always been the heartbeat of the Master and something we should emulate.

It's not too late to start. As we pray for others, let's also think about their physical needs. To be kind is one of the easiest human traits that is transforming, yet generally ignored, because we have allowed society and fear to diminish this very important life value. Let us make an effort to be the hands and feet of Jesus. If you can't do it, please help equip those who can and will. **#wegettoserv!**
