

Hydrating Eye Crème

1 oz.

A gentle, hydrating eye crème formulated to help reduce the look of puffiness and fine lines.

Set your sights on more rested, youthful looking eyes with our Hydrating Eye Crème. Formulated with natural botanical oils, this gentle eye crème targets puffiness and fine lines to help reveal smoother skin. Include this essential eye crème into your soothing skincare regimen and see the results for yourself!

Why we *love* it

- Moisturizes and smooths the eye area
- Natural botanical oil-based formulation
- Helps to reduce puffiness and the look of fine lines
- Ideal for all skin types, especially sensitive skin

Key ingredients

- **Shea butter and jojoba oil** - soften and hydrate the skin.
- **Olive and rose hip oil** - help reduce the look of puffiness and fine lines.
- **Vitamin E** - a natural moisturizer and antioxidant to support and protect.

How to use it

Gently dab a thin layer of creme around eye area and brow bone with your ring finger.

Be sure to avoid direct eye contact.

Perfect paired with

- Anti-Aging Cleansing Oil
- Watermelon Cucumber Tonic
- Gentle Face Crème
- Anti-Aging Oil Serum
