Valdiserri's Bakery, LLC Pie Fundraiser Product Information.

Our pies are available in 8 inches or 10 Inches in diameter and come individually packaged in their own Plastic clam shell retail style container to maintain freshness.

Our pies are made only with Top Quality ingredients, and are baked the same day they are delivered to you.

Our pies DO NOT arrive unbaked or frozen. It is important that your organization deliver the products the same day they arrive from us, as to give the customer the best product.

All Pies should be refrigerated for best results and freshness. Pumpkin Pies Must be refrigerated. Cream Pies can be refrigerated, and Fruit pies have a shelf life of 4 days without being refrigerated. 4-6 days if refrigerated.

Freezing these pies can affect their appearance and make their crusts soft. Pumpkin pies and cream pies should last 4-5 days if refrigerated.

Fruit pies can be frozen if needed. We recommend placing the pie in a freezer bag, and placing it back in its original packaging for best freezing results. Fruit pies may be frozen approximately 1 to 2 months. Pies frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.
