Clinical Associate Professor: UT Southwestern Medical School | 1987–2002

National Leadership & Guideline Development

Dr. Fulgham has served on multiple national guideline panels shaping clinical practice in urology and imaging.

Key appointments include:

- **AUA Science and Quality Council** (2014–2020)
- **Chairman – AUA Imaging Protocols for Ureteral Calculus Disease**
- **ACR Appropriateness Criteria Panel – Urologic Imaging** (2009–2021)
- **European Association of Urology Imaging Guidelines Panel**
- **American Institute of Ultrasound in Medicine Clinical Standards Committee** (2011–2021)

These committees developed widely adopted national standards for imaging and urologic practice.

Clinical Research Leadership

Principal investigator or investigator in numerous clinical trials involving prostate cancer, bladder cancer, BPH, and imaging technologies.

Selected studies:

- **⁶⁴Cu-SAR-bisPSMA Positron Emission Tomography: A Phase 3 Study of Participants With Biochemical Recurrence of Prostate Cancer (AMPLIFY) NCT06970847**
- **Prostate Cancer Treatment (NCT06970847) Investigator-initiated study evaluating androgen deprivation therapy impact on PSMA-PET staging sensitivity**
- **Prostate Cancer Prevention Trial (PCPT) – Principal Investigator**
- **SWOG chemoprevention trials**
- **MicroRNA profiling in prostate cancer research (sub-investigator) with Mary Crowley Research Institute**

These studies have contributed to advances in imaging-guided prostate cancer management.

Academic Contributions

Author or contributor to numerous peer-reviewed publications, textbook chapters, and clinical guidelines.

Highlights include:

- Co-editor: **Practical Urologic Ultrasound (Springer)**
- Contributor to **Campbell-Walsh Urology**
- Publications in **Journal of Urology, European Urology, World Journal of Urology, Journal of the American College of Radiology**

Research focuses on:

- Prostate cancer imaging
- Multiparametric ultrasound

- Clinical imaging guidelines
 - Ultrasound-guided biopsy
-

Teaching & CME Leadership

Dr. Fulgham has trained thousands of physicians through national CME programs.

Major roles include:

- **Course Director – AUA Hands-On Ultrasonography for Urologists (2001-2023)**
- Director – AUA Postgraduate Course on Multiparametric Ultrasound
- Faculty speaker at **AUA Annual Meetings and international conferences**

Topics include imaging, prostate cancer diagnosis, and ultrasound training.

Awards & Recognition

- **Best Doctors in Dallas (D Magazine) – 1998-2025**
 - **Texas Monthly Super Doctors – 2004-2023**
 - **Distinguished Service Award – American Urological Association**
 - **Dallas Business Journal Healthcare Hero Award**
 - **Leadership in Cancer Award – Presbyterian Hospital Dallas**
-

Education

MD University of Texas Southwestern Medical School

Residency: Urology – UT Southwestern Medical School

Board Certification: American Board of Urology (recertified; current certification through 2029)

BS, Summa Cum Laude Texas A&M University

Languages

English (native); Spanish (intermediate); German (basic)

Professional Memberships

American Urological Association (1987–present)

Philanthropy

Founder and President (2001-present) **Urology Research & Education Foundation**

Supports prostate cancer research, education programs, and community outreach.
