

cavlo ConneX (pron. "connects") is cavlo's more social event - where gear & networking coincide. Typically a three-hour "beer-n-gear" type of event, it features only a handful of non-competing brands, each showcasing just one or two products.

What makes ConneX different from your standard local happy hour event is two things: cavlo's targeted audience marketing & the drawing power of multiple, non-competing sponsors (the free beer & tasty snacks don't hurt, either).

cavlo ConneX NJ/NYC
