

## **cavlo returns to Las Vegas for its Spring Show on May 4<sup>th</sup>**

*May the Fourth be with you at the cavlo Tech Trade Show*

Las Vegas, NV – February 6, 2023 – cavlo Trade Show is heading back to Las Vegas for its Spring show. On May 3<sup>rd</sup> and 4<sup>th</sup> cavlo will host a trade show geared towards systems integrators, tech managers, and other communication professionals from the hospitality, corporate, education, entertainment, and worship fields. Manufacturer exhibitors will be on hand with their latest professional audio, video, and lighting solutions.

“Viva Las Vegas! We’re going into our 3<sup>rd</sup> year now, and back to where it all began in 2021. After turns in Texas and Nashville, cavlo is returning bigger and better than ever to this proAVL rich community. Many past exhibitors have already secured their spots as this show has proven to be cost-effective and a great opportunity to connect with the community,” says Managing Director, Mike Brown-Cestero. “cavlo has demonstrated repeatedly to be a valuable opportunity with our all-inclusive booth pricing packages that even include a hotel room. We offer booth parity at a great venue, The Orleans Hotel, where attendees can network in a relaxed atmosphere to spend quality time with exhibitors. We offer AVL pros a chance to ideate, integrate, and operate with a mix of specifiers, integrators, production folks and end users attending. Our successful shows in Vegas, Dallas and Nashville offer lively discussion panels and opportunities to network both before and during the show.”

cavlo will take place on May 4<sup>th</sup> at The Orleans Hotel in Las Vegas with a Welcome Reception on May 3<sup>rd</sup>. It will be a great opportunity for AVL folks in the southwest region to connect. Registration for the show will open on March 22<sup>nd</sup> for qualified attendees. The cavlo show is a trade-only event. For more information on exhibiting or to register to attend, please visit [cavlo.tech](https://cavlo.tech).
