

Many are saying “Viva Las Vegas” as cavlo Trade Show Gains Momentum

Commercial Audio/Video/Lighting/Control Systems Trade Show Is the Only One on the West Coast In 2021

Las Vegas, NV – April 13, 2021 – As the professional audio-visual marketplace begins to emerge from the shadow of CV19, the **cavlo** trade show is becoming a hot ticket. Registration just opened last week, and we are really pleased by the number of registered attendees,” said Mike Brown-Cestero, Managing Director. “It’s a nice mix of specifiers, integrators, production folks and end users attending,” he added.

The list of exhibitors is growing as well. Joining early entrants AtlasLED and Aurora Multimedia are Cleerline Fiber, AV Pro Edge, LG and Shure, among others. “We’re really close to announcing our Platinum sponsor, too. This is a great chance for industry people to network in-person and see some of the newest tech offerings from these manufacturers,” Brown-Cestero added.

cavlo will take place May 13th at The Orleans Hotel in Las Vegas; the one-day trade show will feature exhibit booths, demo rooms and panel discussions and will be the first time the pro a/v/l/c community has been together under one roof since January 2020. All required safety protocols will be observed.

The **cavlo** show is a trade-only event. For more information on exhibiting – or to register to attend, please visit www.cavlo.tech.
