- There has been significant discussions in the public and press regarding London Groves Township decision to go to a single source for fire and EMS in the township. Just so there is no confusion on this decision:
 - ***This decision has to do with basic life support services, not MEDIC 94 advanced life support services provided by SCCEMS***
 - ***SCCEMS has an excellent relationship with London Grove Township and all of our municipalities. The leadership of London Grove Township have been instrumental in the development of our municipal funding formula. SCCEMS serves on the townships Emergency Services Committee along with Avondale and West Grove Fire Companies.***
 - ***SCCEMS has had a strong working relationship with both the Avondale Fire Company and the West Grove Fire Company for the past 37 years of our existence. We expect no change in this relationship in the future. Both organizations are participating members at SCCEMS and have seats on our Board of Directors.***
 - ***SCCEMS will continue to staff a 24/7/365 paramedic unit, MEDIC 942 at the Avondale Fire House.***
 - ***The most cost effective and efficient model for the delivery of emergency medical services is the two-tiered system provided in a cooperative, coordinated manner which SCCEMS and our partner organizations have provide since 1983.***

OPERATIONS NEWS

- COVID
 - We continue operating in the challenging COVID-19 environment.
 - We have seen a significant increase in the number of COVID + patients in November, December is looking to be the worse month so far.
 - Cooperative operations with healthcare, EMS and public safety partners to provide to the protective assessment, treatment and transfer of these patients.
 - Our PPE resources remain strong and our staff healthy.
 - We continue to ADAPT, IMPROVISE and OVERCOME operationally with COVID.
