Average Total Call Time: (Average from dispatch to available-all calls): **69.4 minutes**

Average Call Time when patient transported: **108.9 minutes**

CORPORATE NEWS

- **ChristianaCare West Grove Campus-** We continue to our communication with ChristianaCare. They put out additional information in the last 30 days. Here is what we know:
 - Opening of Micro-Hospital ER @ March 2025. This will be located in the eastern wing of the current hospital by the main entrance
 - Begin to see fencing and work start in April
 - A majority of the current hospital will be demolished to make room for a HealthPlex. We are working with ChristianaCare to assure that their demolition minimally effects our operations before we move to our new building
 - The hospital will be branded and operate under ChristianaCare standards by a private for-profit health system- Emerus

- **New Facility-** Site preparation for the new MEDIC 94 station is underway. McComsey Builders will be the contractor hired by Penn Township for the @\$1.8 million dollar Emergency Services Building. SCCEMS will be responsible for furnishings, appliances, interior painting and flooring for the building. We have been able to obtain through grants and donations all of the furnishing and appliances. We are working with local vendors for the completion work and have communicated with local philanthropic organizations for funding to offset those costs estimated at approximately \$50,000.

CELEBRATING OUR OPERATIONAL PARTNERSHIPS

The strength of our organization goes back to the founding principles of MEDIC 94 with the partnerships in governance and operations with the local volunteer fire companies in Oxford, Avondale, West Grove and Cochranville. Representatives from the SCCEMS Board of Directors and the staff were honored to stop each of these organizations meetings to recognize these valuable teammates in care celebrating of 40th anniversary of that partnership.
