

From Our President

NCMA JAX Team,

What a great time we had at the Disaster Response Contracting event organized by NCMA JAX! Big thanks go out to all who participated or volunteered for it. This was the NCMA JAX capstone event, held on May 24th, 2022; at the University of North Florida's Adam W. Herbert University Center. Extra thanks to the NCMA DRC Planning Team and Lisa Haggerty, who did an exceptional job as the moderator. The hurricane season is upon us, so be prepared!

As our programming efforts for this year have concluded, I would like to thank Mike Groeger for a season of training that really contributed to our professional development and the NCMA mission. Reflect on the past year and please submit any recommendations you have for the next programming year. I encourage you to be an active part of this planning process, as it is your training needs that we would like to address in next year's programming! We have a good story to tell when it comes to programming and as much as this year was a success, I look for even more success next year.

Our local Chapter was established in 1982 and as you may have heard we have a 40th anniversary event to plan this year. The preliminary concept is to host a social in late August to honor the chapter's history. Anniversaries are important events as they remind us of chapter "things"

Calendar

Member Milestones

Congratulations to NCMA Jacksonville members celebrating membership anniversaries.

- Jamey Davis (15)
- Frank Lorentzen (5)
- Gwennette Parker (25)
- Ross Thomas (4)

that matter – memories of friendships old and new generated through NCMA, special events we enjoyed, and opportunities that may not have otherwise manifested in our professional career if it were not for NCMA membership. Let's honor this and please plan on attending. More details will be coming forward soonest. Please submit any ideas you may have to ncmajacksonville@gmail.com.

In closing, thanks for all you do to maintain the 3 C's: "collaboration, commitment, and community." Get ready for summer and enjoy your time. I wish the entire chapter could attend the NCMA World Congress in Chicago, but I know that is near impossible. Wanda Wallace and I are planning on attending and will have highlights for you in the next newsletter. Thank you for the opportunity to serve and for your support this program year.

Michael Scuteri,
CFCM
Chapter President

DRC Event Photos Available Online

Photos from the Disaster Relief Contracting event held May 24th at UNF are now available online. Thank you to Larry Belge for photographing the event.
