LEADERSHIP COHORT IMPACT REPORT 2026

ELEVATE. LEAD. IMPACT.

OUR MISSION & VISION

OUR MISSION

To elevate professional wives and women through leadership development, coaching, strategic partnerships, and transformational learning experiences that create lasting personal and professional impact.

OUR VISION

To become a nationally recognized leadership organization where professional wives and women grow, lead, and build lasting legacies while creating sustainable impact within their families, workplaces, businesses, and communities.

MESSAGE FROM OUR FOUNDER

At TSW Network™, we believe leadership is not defined by a title, but by the impact we make in our homes, workplaces, businesses, and communities. As I reflect on 2026, I am proud of the meaningful progress we have made in elevating professional wives and women through leadership development, personal growth, and transformational learning experiences.

This year, we served 96 professional wives and women, delivered 16 leadership sessions, and expanded our reach to welcome multi-state participation. These accomplishments reflect more than numbers; they represent lives impacted, confidence strengthened, and legacies being built.

I am deeply grateful to our speakers, sponsors, partners, volunteers, and participants who continue to believe in our mission. As we look toward 2027, we remain committed to creating opportunities for professional wives and women to lead with purpose, grow with confidence, and make a lasting impact.

CHALLENGES & LESSONS LEARNED

Reflecting on the challenges encountered, lessons gained, and opportunities for growth, we have strengthened our commitment to improving programs, expanding partnerships, and building a more sustainable organization that continues to elevate professional wives and women.

Funding & Sustainability

As demand for leadership development opportunities grows, securing consistent funding remains a challenge. This experience has reinforced the importance of diversifying revenue, strengthening corporate sponsorships, and building sustainable partnerships to support our programs and long-term impact.

Organizational Capacity & Growth

Expanding our reach while operating with limited volunteer and leadership resources has highlighted the need for greater organizational capacity. We've learned the importance of strengthening board engagement, expanding volunteer support, and establishing systems that sustain growth and effectiveness.

2027 STRATEGIC DIRECTION

Building on our 2026 impact, we are focused on growth, sustainability, and expanded opportunities for professional wives and women.
