

## **Don't Just Sit There**

Don't just sit there  
Get up and get it if you want it  
Don't stare at me to fetch it  
You have legs, get up and get it

You have legs that walk  
You have arms that reach  
You have a brain that can think  
You have a mouth that can speak

Mind readers don't live here  
They've long since moved away  
Mind readers don't live here  
They won't show you the way

You have a problem?  
Are you hurt or angry?  
Don't slam doors and act like a baby  
Don't be a coward and hide

Get off your ass and grow up  
Grow up and quit complaining like a baby  
Expecting others to make it easy  
For you to be lazy

Mind readers don't live here  
They've long since moved away  
Mind readers don't live here  
They won't show you the way

- Marci Brockmann - 2015
