The Well is a TreeHouse Partner Network offering TreeHouse services for students 7th-12th grade.

At TreeHouse, teens know they'll be loved, accepted, and supported no matter what!

TreeHouse

creates a safe space for teens to belong. We want teens to know how much they matter - which is why we offer them free rides and dinner before programs each week. The sense of belonging at TreeHouse is evident as teens let their unique personalities shine and give voice to their untold stories. Our programs are built on proven models of effectiveness - we're grace-based, first and foremost, but we also hold consistent rules and shared practices that give teens something to count on.
