

Mission Statement

Medical Career Academy prepares students to become professionals in the Emergency Medical Service field with the necessary skills and competencies to function as part of the EMS community in a manner consistent with State and National Registry guidelines. We work to achieve our mission daily by providing up to date information delivered by industry professionals who bring real world work experience into the classroom, and through the provision of equipment, support staff and resources that are effective in the process of supplementing and supporting the academic process. Our mission is designed to grow and evolve with the needs of an ever-changing community, one of multi-cultural responsiveness, and technological advancements. We aim to successfully graduate students who go on to become professionals in their field of study fundamentally through the elements which compose our mission.

Who We Are

About Us

ARE YOU READY?

*"Training Today's
Students to Become
Tomorrow's Leaders"*

Classes Offered

Paramedic

This College credit certificate program is offered for the student who wishes to complete the core curriculum and be eligible for NREMT certification or certification by the State of Florida to practice as a paramedic. Paramedics are trained to provide advanced life support ion medical and trauma related emergencies. The course content includes lecture, skills lab and hospital/fire rescue rotations.

Approved by the Florida Department of Health Bureau of Emergency Medical Services (CH 401, FS, Ch. 64J-3, FAC). The training program follows the most current U.S. Department of Transportation National Standard Curriculum

Emergency Medical Technician

This applied technology diploma program is designed to prepare the student for the Florida State Board NREMT Examination for Emergency Medical Technician. EMT's serve as a link in the chain or the health care team. This includes all skills necessary for the individual to provide emergency care at a basic life support level with an ambulance service or other emergency service agency.

"Medical Career Academy provides the hands on training necessary for entering the emergency medical field."
