

***Start Planning Your Career in the Emergency Medical Field as an: EMT or Paramedic***

### Purpose

Medical Career Academy's purpose is to provide our students with challenging academic opportunities that advance positive individual growth and prepare responsible citizens for health career positions in the community.

## Who We Are

### Mission Statement

Medical Career Academy prepares students to become professionals in the Emergency Medical Service field with the necessary skills and competencies to function as part of the EMS community in a manner consistent with State and National Registry guidelines.

Vision through commitment and dedication, we are striving to earn and maintain the reputation as the best EMS training facility around. Our Staff has the dedication, skills, and heart needed to achieve this goal. New course schedules and variations are constantly being generated to better suit the needs of our students and the EMS community.

## ARE YOU READY?

*"Training Today's Students to Become Tomorrow's Leaders"*

## Classes Offered

### Paramedic

This program is offered for the student who wishes to complete the core curriculum and be eligible for NREMT certification or certification by the State of Florida to practice as an entry level paramedic. Paramedics are trained to provide advanced life support in medical and trauma related emergencies. The course content includes lecture, skills lab and hospital/fire rescue rotations.

Approved by the Florida Department of Health Bureau of Emergency Medical Services (CH 401, FS, Ch. 64J-1, FAC). The training program follows the most current U.S. Department of Transportation National Standard Curriculum

## Emergency Medical Technician

This applied technology program is designed to prepare the student for the Florida State Board NREMT Examination for Emergency Medical Technician. EMT's serve as a link in the chain of the health care team. This includes all skills necessary for the individual to provide emergency care at a basic life support entry level EMT with an ambulance service or other emergency service agency.

*"Medical Career Academy provides the hands on training necessary for entering the emergency medical field."*
