

Video requirements for **Expert Certification**

Demonstrate all nunchaku skills you know, including but not limited to basic techniques such as strikes, blocks, spins, counters, and any and all kata that you may know (including self-invented kata if applicable).

Double nunchaku skills are not necessary for certification but are a plus.

Please showcase all necessary requirements; otherwise, your application could be rejected.

We accept DVD, USB, and/or video links. YouTube, Facebook, etc.

Please note that we are proud of our association, and we do not hand out certifications without you having the appropriate skill. Relax when performing your techniques, as your experience will speak for itself.

In the event you do not pass, all money will be refunded to you, or you have the option to retest in 3 months.

(Options) You may email a video link of your nunchaku skills to us or send a DVD, USB, etc. with your application by regular mail.

(See payment pdf)

Email: SNassociation@gmx.com

NOTE: If you have a black belt in one of our recognized styles listed on our website, you can bypass the video requirements with proof of Dan rank.
