## Session I

### *Mesh Tek - Authentic Cross Curriculum*

Music Literacy is Literacy. Educators & Administrators often struggle speaking the same jargon when it comes to expectations implemented in the classroom. Learn to speak the language of the administrator and merge relevant reading TEKS with correlating Music TEKS. Demonstrate Authentic Cross Curricular Content in your lesson plans.

## Session II

### *Body Warm-ups, Listening Maps, & Transitions for the Elementary Classroom*

Movement and Music is the perfect combination in keeping our students engaged. Combine Music Literacy and movement in simple ways that create a seamless flow of classroom instruction.

## Session III

### *Restorative Behavioral Management in the Specials Classroom*

Managing the behaviors of over 100 students can be spiritually and emotionally taxing on educators. Develop necessary skills and practice through hands on training through role play activities in maintaining authority and discipline in the classroom while navigating the trauma of students, parents and teacher colleagues.

## Session IV

### *A Media Treasure Trove -relating popular media with critical curriculum*

Integrating our students' cultural and community background into the curriculum is the foundation of developing successful content.

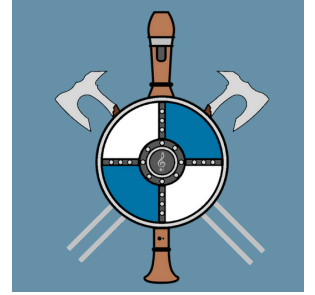

Gain access to free tools and resources that can help educators build high quality and relatable material for their students.

**\*Each Session lasts for 1.5 Hrs. Each Session can be Extended to fit the needs of the Professional Development.**
