Forwarding your Gmail to your Outlook

Turn on automatic forwarding

1. On your computer, open [Gmail](#)  using the account you want to forward messages from. You can only forward messages for a single Gmail address, and not an email group or alias.
2. In the top right, click Settings .
3. Click **Settings**.
4. Click the **Forwarding and POP/IMAP** tab.
5. In the "Forwarding" section, click **Add a forwarding address**.
6. Enter the email address you want to forward messages to.
7. Click **Next** > **Proceed** > **OK**.
8. A verification message will be sent to that address. Click the verification link in that message.
9. Go back to the settings page for the Gmail account you want to forward messages from, and refresh your browser.
10. Click the **Forwarding and POP/IMAP** tab.
11. In the "Forwarding" section, select **Forward a copy of incoming mail to**.
12. Choose what you want to happen with the Gmail copy of your emails. We recommend **Keep Gmail's copy in the Inbox**.
13. At the bottom of the page, click **Save Changes**.

Google Forms

Making a simple form

A screenshot of a Google Form titled "Teacher Favorites". The form is displayed on a purple-themed interface. The title "Teacher Favorites" is at the top. Below the title, there is a short description: "Please let us know what your favorite things are so parents can surprise you with them." and a note: "This form automatically collects your email address for free (200 users). Change settings". The first question is "Teacher's Name (First & Last) *", which is a text input field. Below it, there is a question "What is your favorite Candy?" with a "Short answer" label. The form is in "QUESTION" mode, as indicated by the tabs at the top.

Create a cause-effect story

A screenshot of a Google Form titled "Choose your own training adventure!". The form is displayed on a purple-themed interface. The title "Choose your own training adventure!" is at the top. Below the title, there is a short description: "Welcome to a choose your own adventure google form!" and a note: "This form is automatically collecting your email address for free (200 users). Change settings". The first question is "Beginning You open your work email and see an email from Mr. Fox. It was sent at 9am. You...", which is a text input field. Below it, there is a question "You..." with a "Multiple choice" label. The form is in "QUESTION" mode, as indicated by the tabs at the top.

Creating a basic Quiz

A screenshot of a Google Form titled "Summary Quiz". The form is displayed on a purple-themed interface. The title "Summary Quiz" is at the top. Below the title, there is a short description: "This form is automatically collecting your email address for free (200 users). Change settings". The first question is "What is the best way to understand summary?", which is a multiple-choice question. The options are "Bing-1" and "Add notes to 300 LETTER". The question is marked as "ANSWER KEY" and "10 points". The form is in "QUESTION" mode, as indicated by the tabs at the top.
