

Check Out

Check out is at or before 10:00 AM

Before You Leave:

- Please turn off all lights, electronics and ceiling fans.
- Please place all dirty dishes and silverware in the dishwasher and run. Please DO NOT place any pot and pans in the dishwasher as they will need to be hand washed. We have provided drying mats to set those hand washed items out on the countertop to dry. Those mats are located under the kitchen sink.
- During Summer months: Set the AC thermostats to 74 degrees using each floors thermostat. Each floor has a thermostat next to the stairwell.
- During Winter months: Set the HEAT thermostats to 70 degrees using each floors thermostat. Each floor has a thermostat next to the stairwell.
- Please remove ALL trash from bathroom waste cans and the two trash cans in the kitchen and throw them away in the provided trash cans outside the house.
- Return golf cart key to golf cart.
- Please ensure the garage door opener is left with the golf cart, as you found it.
- Make sure ALL bedroom TV remote controls are left on the dresser or nightstands where you found them.
- Please make sure that the golf cart is CLEAN and clear of any sand or trash prior to checking out. There is a water hose attached to the side of the house for your convenience.
- Remove ALL used/open food and drinks from the home. If you have any unopened food or beverage items that you can't take with you, we would be happy to have the opportunity to donate to the FIN program (Families In Need). More information on the FIN program in the pages that follow.

Bedding:

Pile ALL linens, pillowcases and bath towels in each connected bathroom. Please keep protective mattress cover, pillows, decorative pillows and throw blankets/quilts on bed so they can be accounted for and cleaned.
