OBJECTIVE

Experienced multidisciplinary graphic designer with a strong passion for brand design, print design and web design looking to continue designing creative for both printed and digital media, either as a member of a design team or independently.

EXPERIENCE

WEB & GRAPHIC DESIGNER

Smart Link Solutions

Wixom, MI | March 2022 - May 2023

- Worked directly with clients to create and build responsive single-page websites up to 20+ page websites from intake meeting to deployment.
- Sole graphic designer responsible for all creative direction and production of marketing assets for print and digital media.
- Planned, developed and managed client/partner social media accounts for continued growth and engagement.

FREELANCE ART DIRECTOR, WEB & GRAPHIC DESIGNER

Arid Designs

USA | April 2009 - Present

- Responsible for project scheduling, management and completion under tight deadlines.
- Collaborated closely with clients to produce printed collateral, brand identities and multi-media marketing materials.
- Creation of visual FX, rotoscoping, motion tracking and compositing for video production using Autodesk Maya and Adobe CC for both film and other digital media.
- Creation and development of responsive web design using UI/UX principles, wireframing, prototyping and user testing for various clients of different industries.

GRAPHICS & WEB ARTIST

OneSource Relocation

Sandy Springs, GA | July 2015 - February 2016

- Project management and design of creative for all business collateral including but not limited to web design/updates, emails and presentation decks.
- UX/UI design, wireframe and prototype development for B2C Ecommerce platform and buy flows for health insurance companies.
