### About DeLayna

I am DeLayna Michele Elliott, a certified life and financial coach with over 30 years of experience in finance and life insurance. As the CEO of W3 Women with Wealth and managing partner of World Fidelity Life, I have inspired women all over the country to heal their money wounds, develop a healthy relationship with money, identify career paths which utilizes their inner strengths, plan for retirement and move into business ventures that are profitable and rewarding.

My hope is that you find me passionate, engaging and committed to unveiling a very personal and sometimes intimidating subject. **Money**.

### MYM 2021 Origin

The more I studied the software development life cycle process, I realized that I could teach women these 7 seven step reprogramming processes to manage quality information from constructing life's money requirements or desires, to designing, developing and executing financial behavioral test. They would learn to detect and manage the mental defects in current money habits and practices. By utilizing my background in private practice as a Life Insurance, Annuities specialist along with my career in Consumer Lending Technology with Fortune 500 Companies such as Wells Fargo and JP Morgan Chase I could develop a transformative financial program which will introduce science and technology to help women make sustainable mental changes to cultivate a healthy relationship to "Money".

### My Why

I lost my Mom in 2017. My sister and I agreed that I would handle her estate, as I had the financial background. Picture this sequence: Mom died on a Monday. We barely had time to breath before we had to jump into the planning process on Tuesday. The funeral home wanted their money on Wednesday so we could bury her on Saturday. Amidst of all the chaos, all my sister and I had to do was grieve. Mom had handled everything else. She was financially savvy. Mom had her life insurance policy in place, she had paid her house off, her car was paid off, she had money saved in the bank and 0 credit card debt. Yes, a single black woman in America, with a teacher's salary. Thanks Mom, I am so proud of you. I will teach women how to win spiritually and financially.

### *Divine Wealth Declaration:*

I will reprogram my soul by applying the Divine Code downloaded to me during this Divine Wealth Intensive. I will create my OWN ECONOMY by being willing to Learn, Unlearn and Relearn. I will be honest concerning my feelings and beliefs about money. I now open the chambers to my **marvelous** mind to receive the wealth that is my mine by Divine right.

Childhood traumas such as: Divorce, abandonment, evictions, job losses or death of a parent or financial provider.

Describe your earliest memory of when a money wound may have been inflicted upon you

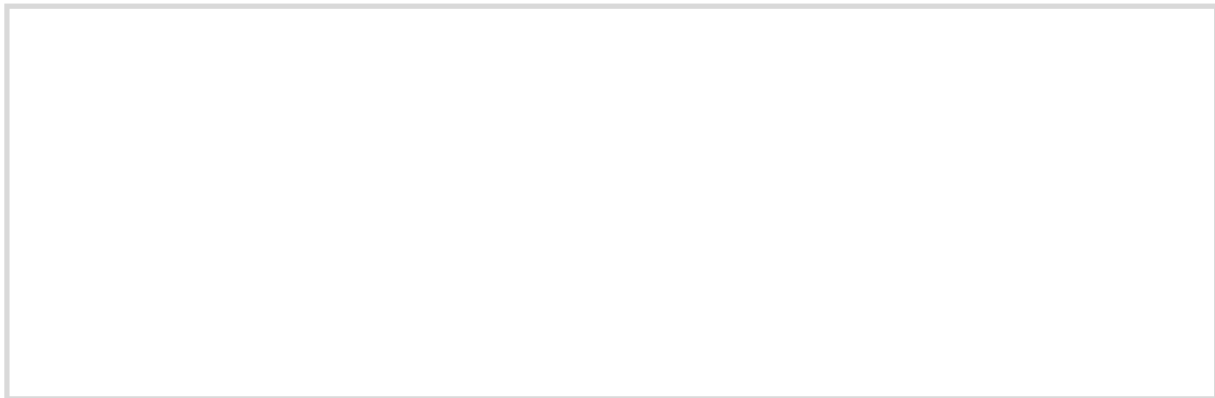

### Identify Cultural Narratives

Mass media controls the images, repeatedly depicts an ideology of who we are as women.

Systemic controls of access to capital, credit and other necessary resources.

Ethnic stories and languages around money, wealth, riches and abundance.

a. Describe the impact of cultural narratives on our personal relationship with money

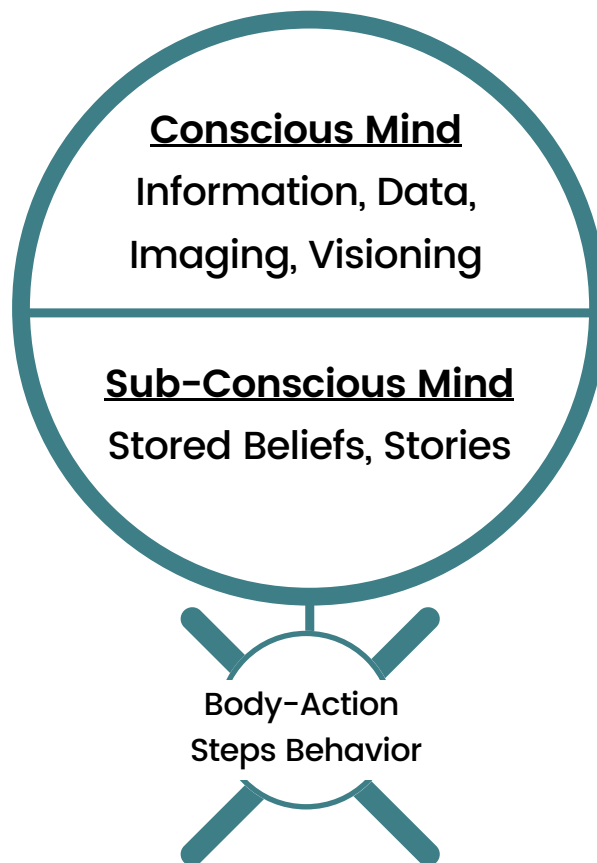

### What is meant by Diamond Code?

I liken Diamond Code to configuration changes in the mind. Small incremental enhancements that when implemented will impact our thinking for the better, until the major changes in our thinking are made.

## Diamond Code

**Our mind is an operating system with downloaded code from childhood, adolescent and adult experiences running in the background, dictating our behavior.**

(This model of the mind and body was originated by the late Dr. Thurman Fleet of San Antonio, Texas, circa 1934. Dr. Fleet was the founder of Concept Therapy.)
