

Virtual Patient CARE⁺

The healthcare your employees
need with zero out of pocket cost.

360-degree CARE designed with you in mind

WHAT WE DO:

Urgent Care: 24/7 access to prompt and professional care for non-life-threatening conditions, with zero out-of-pocket costs

Primary Care: Consistent and personalized care from our experienced team of doctors through easy virtual appointments

Preventative Care/Labs/Wellness: Emphasis on preventive measures, routine check-ups, lab tests*, and wellness programs

*Lab tests are an additional cost at wholesale pricing.

Functional Medicine

Combining lab analysis and personalized nutrition to meet your unique health goals

Mental Health: Access to professional support for mental health challenges with qualified mental health specialists

Care Coordination and Navigation:

Personalized assistance in navigating healthcare resources and treatment options

Complete Coverage:

Personalized care to meet your needs when or where you need it.

Benefits to Employees

- No consultation fees, co-pays or deductibles
- Build a relationship with our doctors who take the time to get to know you
- Schedule routine checkups, order labs, refill medications and monitor key vitals virtually
- 24/7/365 Direct access to a multidisciplinary health care staff for unlimited ongoing health care needs

Why Integrated Primary Care?

- By uncovering unknown conditions, significant savings can be obtained for a self-funded plan
- Integration of all services for continuity of care
- Immediate savings with redirection of healthcare and long-term savings from continued care
- 24/7/365 Collaborative care team to support treatment adherence and medication management
