Hey Taryn,

If you'd like to read it, here's a little pitch for the meeting!

Trees Atlanta's mission is to expand and protect our urban forest by conserving, educating, and planting. On the NeighborWoods team, we focus on community planting projects and provide trees in right of ways, parks, and also have a [front yard tree program](#)!

We are eager to plant trees that provide shade, reduce high speed traffic, purify the air, beautify the community, and sweet fruit trees for everyone to enjoy. The neighborwoods crew waters and maintains the trees planted for the first two years and will provide maintenance as needed after that.

Trees Atlanta hosts a variety of events and hands on projects every saturday from 9am-noon! You can sign up by visiting our [website calendar](#). To learn more about what we do visit www.treesatlanta.org. :)

Feel free to share my email to neighbors with questions as well!

Warmly,
Dana Russell
NeighborWoods Coordinator
