

# LITTLE HOUSE

*Bulawayo*

Starting at  
\$30/night

## Welcome!

Welcome to the **Little House** Bulawayo.  
We are so glad you made it...

We landed in Bulawayo ourselves in January 2020, initially for two months. Little did we know that a global pandemic was just around the corner, which dramatically shaped our lives.

Our flights were cancelled and we found ourselves locked into Zim.

And so we prayed. Then stayed!  
Now living here full time, trying to make sense of this beautiful and chaotic country which we now call home.

And so we are pleased you found us.  
We hope it feels a bit like home while you are here.

Sit back, relax and enjoy your stay!

## THINGS TO DO:

We are just a 10 minute walk to Hillside Dams, a beautiful conservation area.

Occasionally we have passes to allow guests access. please ask.

Just a twelve minute drive away, you are in the centre of Bulawayo, the City of Kings.

And 40 minutes away and you are in the stunning Matopas Hills, a World Heritage Site

## THE NEIGHBOURHOOD

Some call the area Hillside. Others call it Matsheumhlope (White Rocks) - but either way, its a safe and peaceful suburb of Bulawayo.

We regularly walk around the neighbourhood on route to the Dams.

For your peace of mind, we have installed additional security at the property.

## PAY IT FORWARD

Since arriving in Bulawayo, we are closely involved in some amazing projects, which are changing lives and communities. We currently have 200 children in a school programme in the north of the city, twelve poultry projects in other schools around Bulawayo area and supporting a number young people in business. By staying at the Little House you are contributing to their ongoing success.

*Thank you!*
